

IRMIC 2015

2nd International Research Management & Innovation Conference

Call for Papers

The organizer strongly believe that the development of research management is a dynamic and continuous effort. It requires active participation and cooperation from all relevant parties to ensure that the area of study continue to grow with latest relevant innovation assisted by multi-disciplinary expertise. Such diversity advantages in multi-disciplinary research should be accommodated as it contributes to the knowledge expansion from various perspectives. The organizer believes with the involvement of international policy makers, implementers and researchers at IRMIC 2015 will contribute and lead to the sharing of knowledge in latest innovation and research. This is a platform to develop a research community with high level of thinking in the future.
